Rail Rates Will Go Up in April 8

Railroads Will File Tariffs on Board Award Next Week

MONTREAL, April 3.—(CP)—Tariffs based on the Transport Commission's authorization of a freight-rate increase will be filed by Canadian railways next week, to be effective April 8, it was learned today.

In filing the tariffs with the commission, the railways will take advantage of the commission's decision last Tuesday authorizing a 21-cent general increase which is estimated to bring carriers \$70,000,000 a year in new revenue.

HALIFAX, April 3.—(CP)—The Transport Commission of the Maritime Board today served notice on the federal government that it intends to appeal the decision of the Board of Transport Commissioners to increase freight rates 21 per cent.

The appeal will be made under instructions from the three Maritime governments either to "His Excellency in Council" or the judicial committee of the Privy Council or to the Supreme Court of Canada.

QUINTS REPORTED BORN IN GREECE

ATHENS, April 3.—(AP)—A press dispatch from the village of Komotini reported Friday that a Mrs. Ellen Heropoulos gave birth to quintuplets—three girls and two boys—who are "doing well." There were no other details.

U.S. Troops Bar Russians From Building in Berlin

BERLIN, April 3.—(AP)—United States authorities, using troops, kept 22 Russians out of a Soviet building in the American sector of Berlin today and announced they were blocking off the sector from the Soviet zone.

They said a temporary road block would be set up at 11 a.m. on the main highway leading from the American sector to Potsdam in the Russian zone. It will be lifted at 3 p.m.

An American officer, six soldiers and two German policemen will man the roadblock to check all persons and vehicles, the announcement said.

Gem. Lucius D. Clay, United States military governor, declined to make any statement about the blockade. But it was interpreted generally as a counter-move to the control measures instituted by the Russians.

The road-block will be in the Berlin suburb of Wannsee, in the American sector but close to the border of the city's Russian zone. Many Russians whose offices are in Berlin have their bills in Potsdam and use the road being blocked.

Two of the Russians refused entrance to the building, were turned back when they tried to go in at 9 a.m. The military police encircled the headquarters last night.

The two moves were the latest in a series involving Russia and the three Western Allies, which share occupation of the pre-war capital of Germany.

RUSSIAN INFORMED

When the Russian officers showed up at the rail headquarters at 9 a.m., Lieut-Col. Eugene W. Hilton, commander of the American troops, was informed.

A report from McChord Field, Washington, stated that 28 C-54s were being flown over the route since last October to give crew members a chance to see the United States. The movement is purely military.

At a meeting of the AFU board today the executive was instructed to contact the Alberta Federation of Agriculture affiliates to ascertain joint action by farm bodies on increased freight rates.

NEW WAVE OF STRIKES

The 21 per cent increase in freight rates announced this week seems certain to lead to a new wave of strikes because of greatly increased living costs, Mr. Stimpfle said.

In addition to the freight rates question, AFU affiliates will be asked to discuss action on income question of farmers and demand of farm bodies to have marketing of coarse grains placed under control of the Canadian wheat board.

Alberta Federation of Agriculture affiliates include the United Farmers of Alberta, Alberta Wheat Pool and United Grain Growers.

Non-Strikers Would Bargain

Non-striking miners at Star-Key question prepared Saturday an application for certification as union bargaining agents.

The miners planned to form an association at a meeting Saturday afternoon at the Star-Key mine.

Application for certification as bargaining agents with the mine owners will likely be made to the Alberta Board of Industrial Relations.

A recent judgment of the Alberta appeal court ruled that striking miners could not be certified as bargaining agents.

The court also ruled that no individual could be certified as bargaining agent.

J. B. Starky, owner of Star-Key and Penn Mines, said Saturday he would support the miners' application for certification.

He said that he was not a member of non-striking miners for bargaining agent certification is refused.

Eisenhower Asks Immediate Draft

General Volunteers to Serve For "As Long as Needed"

WASHINGTON, April 3.—(AP)—Gen. Dwight D. Eisenhower called Friday for an immediate draft and offer to stay in uniform himself as long as needed.

Tom Broutlette, Waterville, N. Y., 44th Club member, says he would join the army if called to go to one of his sons. The mother is kept away from her youngsters because of her bad disposition.

The former army chief of staff in full uniform and wearing his many decorations—appeared before the senate armed services committee as the administration formally asked Congress for universal military training and the drafting of men 19 through 25.

Eisenhower's testimony climaxed a tidal wave of armed preparedness pleas by other generals, presidential candidates and others.

CRIMPING POWER NEEDED
Crimping, the general told the senators that the day of push-button warfare has not yet arrived. Manpower, he said, still is needed—just as it was needed in the invasion of Europe which he directed.

Defense Secretary James V. Forrestal submitted his draft plan, along with a sample bill covering both the draft and UMT, to the armed services committee of both houses.

Men 18 to 45 would be registered, with nonexempts 19 to 26 liable for two years' military service.

Two Roman Catholic spokesmen, meanwhile, gave the senators differing views on UMT.

REAFFIRMS STANT
Francis Cardinal Spellman of New York reaffirmed his stand "in favor of universal military training as a necessary defense measure in the present times, under the present conditions."

Bishop Hugh Lamb of Philadelphia, speaking for Denis Cardinal Dougherty, protested against UMT except for a limited period. He said a permanent program "carries the seeds of a nation in decay."

Corporation houses in municipalities where satisfactory agreements have been reached and other matters had not been reached.

Thursday Mr. Howe announced he would support a bill to exempt 1,000 homes in Ontario had been cancelled due to provincial legislation.

INDIANS SHUN TELEPHONES

NESPELEM, Wash., April 3.—(AP)—Nespelem was contacted with the outside world by direct telephone service yesterday but two chiefs of the Colville Indian tribe declined to participate in the ceremonies.

Chief Billy Currier chose not to make "stockroom-wa-wa" (good-bye) calls on the white man's smoke signal. He explained he was satisfied with "moccasin telegraph."

Chief Peter Dan Moose also declined the honor of being the first to talk over the telephone circuit. He gave no reason.

Durocher Rates Jack Banta High

NEW YORK, April 3.—(AP)—Leo Durocher took a pencil and marked a large X opposite a name on the glossy roster of his Brooklyn Dodgers.

"There," he said, "is a fellow who could become the best cow of our time. I don't think him to No. 3 or even No. 2. He might even become our best pitcher."

The fellow whose name he marked was Jack Banta, a tall thin right-hander who last year won 15 and lost 5 for Montreal.

Pacing two weeks of Southern Association opposition at New Orleans, Durocher said he was more experienced at first base than at shortstop.

O'Neill plans to continue working with George Vito and Paul Compagni, who last year won 15 and lost 5 for Montreal.

Branch Rickey, president of the Brooklyn Dodgers, announced Friday that Daniel Hankehead, Negro pitcher, has been sold to Montreal Royals of the International League. Sale price was not disclosed.

British Boxing Titles Open To All

LONDON, April 3.—(AP)—Boxers of any nationality now are eligible to fight for a British title provided they are born and domiciled in Britain.

The British Boxing Board of Control Friday night introduced a new rule whereby all boxers born in the United Kingdom, and normally resident and domiciled here, will be able to fight for a British title irrespective of whether their fathers are British subjects.

The move was the latest toward realization of the "color bar" which formerly made colonial subjects as well as Indians eligible for Empire titles but not British boxing crowns.

Two board several months ago revised the rules to open British titles to any boxer born in this country—whose father was a British subject.

Varsity Students At Calgary Get Award of Pins

CALGARY, April 3.—(CP)—Gold pins were presented to five graduating students at the Calgary branch, Faculty of Education, of the University of Alberta, Friday.

15 students attended the exercises. Receiving the pins, denoting the best all-around students at the college, were Lowell Frodsham, Cardston, Alta.; Lorne Bunyan, Gordon; and Ted Fink of High River.

First-year students honored with silver pins included Norman Griffith, Mazon, Alta.; Elaine Ransberger, Redcliffe, Alta.; Kay Grenasch of Medicine Hat, Alta., received a drama award as best actress.

Drive Reported To Organize Alberta Packers

CALGARY, April 3.—(CP)—The United Packing House Workers of America (CIO-CCL) have started a drive to organize all packing house workers in Alberta, Jack Hampton, Edmonton representative of the union, said in an interview Friday.

Mr. Hampton said Alex McWhinnie, former union representative at Kelowna, B.C., will head the drive in Southern Alberta.

The union leader said the drive was the union's answer "to the drastic legislation contained in the amendments to the Alberta Labor Act."

NEW HOPE for traffic-harried motorists is seen in the portable horn carried by Barbara March, of Los Angeles. Invented by a local auto dealer, the device consists of a tank of compressed air which operates the two-toned horn. When pedestrian is about to cross the street, a touch on the trigger produces a blast that makes motorists jam on the brakes.

PEG POLICE HUNTING 4-FOOTED FOOTPAD

WINNIPEG, April 3.—(CP)—Police scoured Winnipeg Friday in search of a footpad—a dog—four-footed variety. They want to find their quarry—a dog—about a purse snatching.

Mus Goldie McDonald said she was waiting for a bus Wednesday night. She had just extracted her change purse from her handbag when the dog snatched the purse and loped away.

Police say the dog was last seen making for a pedestrian, who may have been either his master or a stranger. The purse contained \$2.25. Police are watching for a dog carrying such a receptacle.

The theory that a Fagin is at large training dogs for purse snatching drew no official comment. If the canine highwayman is captured in incineration in the city pound will be his punishment.

Two of Five Ships Tied up in Strike

SAINT JOHN, N.B., April 3.—(CP)—Two of five ships affected here by the month-long strike of merchant ship officers were cleared to sail Friday night following an announcement that the shipper's owners had signed an agreement with the three striking unions.

The agreement, announced jointly by the federal commission and navigation company of Toronto and the unions, also affects one ship at Halifax.

Three other vessels still strike-bound in Saint John and 12 in Halifax were not affected by the agreement. Another 18 are tied up at Vancouver as the result of the strike called by the three unions representing deck, engineer and radio officers.

Freighter Fights Fire During Trip

NEW YORK, April 3.—(AP)—The freighter S.S. Minute Man returned to port Friday night following a battle with flames.

European Aid Program May Start on Monday

WASHINGTON, April 3.—(AP)—Under-Secretary Robert Lovett said Friday the state department has a skeleton organization ready to begin operation of the new European recovery program on Monday.

Lovett said he assumed that President Truman would sign the Foreign Aid Bill setting up the \$5,000,000,000 recovery program today. Already, Lovett said, a great many advance shipments of Marshall Plan goods for Western Europe are moving to United States ports under a \$500,000,000 advance program voted last week for emergency help to Italy, France and Austria.

BRITAIN FIRST
Other officials said most of the first shipments of Marshall Plan goods probably will go to Britain and France. These two countries are tentatively due for nearly half of the initial \$1,000,000,000 in supplies.

Of all the ERP countries only Switzerland and perhaps Portugal, which listed as co-operating rather than receiving countries, stand to get a part of the first \$2,000,000,000.

Hard-pressed Italy is scheduled to get the third biggest chunk with The Netherlands ranking fourth and Western Germany fifth.

MAINE DELEGATES Support Stassen In the Majority
PORTLAND, Maine, April 3.—(AP)—Maine Republicans Friday selected 13 unpledged delegates to the national convention, where the Republican candidate for president will be selected, with supporters of Harold Stassen dominating the slate.

The group goes to Philadelphia uncommitted in keeping with Maine traditions. Seven of the 13 delegates have expressed support of Stassen, while two have pledged to support Wendell Willkie.

Two are generally listed as supporters of New York's Thomas Dewey. Another learned to Senator Arthur Vandenberg of Michigan. Three said they were open-minded.

TODAY'S MESSAGE

The Holy Bible

According to the Bible Society, the Bible has been translated into 135 languages, the complete New Testament into 241, and parts of the Gospels into 664 additional languages and dialects.

No other book has ever approached this record. It means that the Scriptures are now being read by peoples of even the most remote and least known tribes and communities. Thus is being fulfilled Christ's injunction to "teach ye all nations."

Meanwhile, men everywhere are increasingly turning to the sacred writing for consolation and hope in the midst of well nigh universal darkness and fear. This is as true in this country as it is in those lands where the scars of war still remain unhealed.

Many great leaders have found in the Bible not only a constant source of courage and inspiration, but an ever-present impetus to devote their lives and thinking.

The immortal Lincoln read his Bible constantly, having, as a lad, even learned his English out of it. During the critical days of the Civil War it was always on his desk, and frequently he sought counsel from it in the many decisions he was called upon to make.

Once a friend came upon him as he was reading the Holy Book, and chided him for "such an expression of piety and superstition." But the Emancipator answered: "Read this work for with reason you can accept, and thus the rest rest on faith, and you will live and die a better man."

Perhaps even more impressive was the advice given by Daniel Webster in another time of crisis. He said: "If we abide by the principles taught in the Bible, our country will go on prospering, but if we and our posterity neglect its instructions and authority, no man can tell how sudden a catastrophe may overwhelm us and bury all our glory in profound obscurity."

Salvation Army

Revival Campaign

The great revival campaign conducted by Major James Martin at the Salvation Army Citadel, 102nd Street, will be concluded this week end.

On Saturday night at 8 o'clock a young people's rally will be held. Music, song and testimonies will be features of this meeting and Major Martin will be a picture, which will be presented to the most young people to this gathering.

Two services will be held on Sunday with the Major speaking in the morning on the subject, "How much owest thou?" At night his topic will be "Were you there?" On Monday night the concluding meeting of the campaign will be held.

The public are invited.

Final Sing-Song By Young People

The Rev. R. M. Thompson will preach at both services on Sunday at Metropolitan United Church. The public will be held prior to the opening of the evening service.

No, not in Canada; we have plenty! But in many other places in the world the demand for Bibles is so great and the supply is so small, that Bibles are often sold directly from shipping cases. Our work is to help supply Bibles, New Testaments and Gospels to people eagerly waiting to receive them. Contributions are always welcome.

U.S. Atomic Force Sailing Reported

Paper Says Ships Depart In Full View of Russians

HONOLULU, April 3.—(AP)—The United States Navy remained silent today on a Honolulu newspaper's story that an atomic task force sailed March 8 for the super-secret Eniwetok testing ground in full view of a Russian ship.

Cancer Cure Is Doubtful

SYDNEY, Australia, April 3.—(CP)—After two months' investigation of John H. Brand's method of treating cancer, a committee of inquiry set up by the New South Wales government has concluded its work and is sending its report to Premier James McGirr tonight. The Sydney Morning Herald publishes a story saying that the committee agreed unanimously that Brand has not produced evidence of a cure for cancer.

Dr. S. S. Morris, chairman of the committee, said nothing official has been announced. He refused to comment beyond saying that the committee's report should be tabled in the state parliament during the week. Brand, 75-year-old Sydney layman, received wide publicity after his cancer cure claims and suggested that he be investigated by the government.

Four Canadians, two Americans, one Chinese, one Japanese and several New Zealanders flew to Sydney for the Brand treatment in the hope of being cured of cancer. The committee of inquiry was set up by Premier McGirr Jan. 29 and consisted of four leading cancer specialists, nominated by Brand, four doctors named by Brand, and four laymen. The laymen included two members of parliament.

U.S. Tax Cut Bill Enacted Into Law

WASHINGTON, April 3.—(AP)—Congress Friday enacted into law President Truman's veto of a \$4,800,000,000 income tax cut for the 52,000,000 taxpayers in the United States. Passage of the bill making the tax slash effective as of last Jan. 1 was clinched when the Senate rolled up better than the two-thirds majority required to kill a veto.

The Senate vote was 77 to 19. This was 19 votes more than needed. Before the Senate acted, the House of Representatives had voted to override the presidential dissent. In his veto message, Truman said the tax-cutting bill would "undermine the soundness of our government finances at a time when world peace depends on the strength of the United States."

SAILING REPORTED

The story in the Honolulu Advertiser also speculated that initial phases of the tests had been under way for some time and that they may involve guided missiles with atomic warheads.

The story, published Wednesday, said the flagship Mt. McKinley sailed from Pearl Harbor with the Russian motorship Dnestr, was in "easy bow-wave distance" in Honolulu harbor.

Furthermore, said the Advertiser, four Russian sailing ships had departed only the day before. All five, it added, will travel in consort to Eniwetok on a course that normally would take them close to the 30,000 square miles around Eniwetok which the United States closed to all foreign shipping.

The navy had asked all newspapers and news agencies in Honolulu not to mention ship movements to Eniwetok on the sailing day, said such news would furnish a clue to Eniwetok experiment time tables.

WASHINGTON STORY
Military reporter Buck Huchens said the story of the ship movements was published only after the United Press distributed a Washington story speculating that a new atomic bomb had been or soon would be exploded. He said that made it clear that security had broken down.

The Advertiser reported Rear Admiral William S. Parsons, deputy task force commander, said shortly before he left for Eniwetok that instruments would be used instead of ships in recording damage effects.

Rich Coal Deposit In South Alberta To Be Stripped-Mined

CALGARY, April 3.—(CP)—James E. Muir, president of Western Canada Coal Corporation Ltd. of Calgary, said Friday that a rich coal deposit in the highland district about 20 miles southeast of Calgary, would be strip-mined starting next month.

The deposit, known officially as "low volatile bituminous" is a steam coal, he said, and will be trucked to Okotoks, Alta., and then shipped by rail to industrial markets in Winnipeg and Vancouver.

Lifting of Embargo On Cattle Urged

TORONTO, April 3.—(CP)—The Ontario Beef Cattle Producers Association Friday asked the federal government to lift the embargo on the export of meat and beef cattle to the United States.

"It is one of a number of moves to demonstrate to the German government that they—the Russians—have power over us and it is our intention to show that we are not going to be bullied," said the association's president, J. H. Brownjohn, who with other British officials, deplored the manner in which the present situation in Berlin had been "played up" in the press abroad.

Some of the stories he had seen had made it appear that actual battle preparations were under way. "NO PITCHED BATTLE"

"We are not about to engage in a pitched battle in Berlin—that is not the position at all," he declared. There was nothing in the new Soviet regulations to suggest that properly documented freight for Berlin would be stopped.

Communist-Led Walk-Out Fails In Govt. Offices

CALGARY, April 3.—(BU)—A stream of workers reported for work today at the central government offices, indicating the Communist-inspired walkout yesterday had failed.

The walkout was a retaliatory move by the Communists to protest against Indian government raids on Communist offices.

Police arrested several strikers who attempted to persuade workers to stay out of the government of offices. Officials estimated the number of strikers today at not more than half yesterday's total of four to five thousand.

B.C. Flagpole For London Tower

LONDON, April 3.—(CP)—The British flagpole for the London Tower of London, custodian of 1,000 years of British history, is to be sent from the coast province because Jackson Doherty, prominent Montreal banker, remembered a chance remark he heard a visit to London.

Lord Lansdowne, former Tower Constable—an office dating back to the Norman times—said Doherty the lower could do with a new pole. So Doherty, on returning to Canada, decided to send one as a gift.

Rhine Army Chief Arrives at Post

COLOGNE, Germany, April 3.—(Reuters)—Gen. Sir Brian G. Horrocks arrived at Rhine Army headquarters Friday from Britain to take up his new post as Rhine Army commander. Horrocks succeeds Gen. Sir Richard L. McCreery who has been appointed British army representative on the military staff committee of the United Nations.

FOURTEEN-YEAR-OLD Schoolboy from Bancroft, Ont., Keith Robinson has a good look at the teeth he barely escaped. With him is Miss Gilman, while safely behind the bars is Sheba, the "mean" lioness who once clawed its

trainer severely. Keith said he was walking in the corridor of the Coliseum when "the first thing I knew I was on the floor and something was pulling my clothes."

Atomic Trial Secrets May be Made Public

LONDON, April 3.—(CP)—The Daily Express, in a front page story today says that Canadian, United States and British security chiefs have approved publication of details concerning the atomic secrets divulged to a Russian agent by Dr. Alan Nunn May, London scientist who was sentenced to a 10-year prison term in 1946 under the official secrets act.

Dr. May worked in Canada on uranium 235.

The Daily Express story, written by Chapman Pincher, adds that "an official Canadian report says May gave the Russian spy a sample of uranium 235 which was flown to Moscow."

HIGHLY SECRET
Pincher also quotes Attorney General Sir Hailsham as saying that the secret's disclosure contained secrets which Dr. Alan Nunn May had written confession contained secrets which they could not be read in court.

These same symbols, Pincher adds, now will be published in a scientific journal "Nature" with an explanation showing what happens when an atom of uranium 235 is split to set free its energy.

OTTAWA, April 3.—(CP)—Denial was strongly expressed Friday that Canada had been party to an agreement which would allow publication of atomic secrets which Dr. Alan Nunn May had written confession contained secrets which they could not be read in court.

Commenting on a front page story by the London Daily Express that Canadian, United States and British security chiefs have approved publication of the atomic secrets which netted Dr. May a 10-year prison term, an authoritative atomic energy official said that "to his knowledge" this had never been the case and termed the story "garbled."

Russ Occupation Troops Planning Large Manoeuvres

BERLIN, April 3.—(Reuters)—Russian occupation troops in Germany are preparing for large-scale manoeuvres in the next few weeks, the French-licensed newspaper Kuiper reports.

The paper said that large numbers of Russian troops, mainly Red Army, are being moved through the railway junction of Osnabrück, 60 miles northwest of Berlin, on their way to Thuringia, which borders the United States.

A considerable concentration of Russian tanks had also been observed round the town of Mühlheim, 15 miles from the zonal border, the paper added.

Clue Is Received On Missing Plane

SEATTLE, April 3.—(AP)—Searchers hunting for a plane missing in this area for three aboard were checking a report Saturday that a "rumble" was heard in hilly country a few miles east. The ship, a twin-engine air force reserve trainer, disappeared last Friday on a Skagit County flight.

Reynolds Said Trying Find Highest Mountain

SHANGHAI, April 3.—(AP)—A Chinese scientist charged Friday night—and Milton Reynolds denied—that the Chicago millionaire tried to find the world's highest mountain on an unpublished flight Friday yesterday, by-passing an agreed expedition.

The scientist, Dr. A. T. Sah, director of the Chinese Academy of Sciences, demanded that Reynolds and the Reynolds plane be detained by Shanghai authorities. He accused Reynolds of "deliberate violation of Chinese law."

Reynolds declared he had not shot the mountain but had shot the plane off Friday night but that he would go to Nanking Saturday to talk things over with the boys.

Reynolds jointly sponsored the mountain expedition with the Boston Museum of Science. They planned to survey the Annapurna Himalayan range in Tibet. Some war-time fliers had said it included a peak higher than Mt. Everest's 29,000 to 29,141 feet.

After many delays, the plane was delayed in a takeoff at Beijing Wednesday. Reynolds announced he was cancelling the whole deal. Reynolds took off Friday from Shanghai. Pilot Bill Odom filed a flight plan for the trip.

Reynolds left the plane returned to Shanghai. They had no communication with the plane since it left Nanking. Reynolds said he was "in a bit of a fix" on our way to India. Reynolds said he was "in a bit of a fix" on our way to India. Reynolds said he was "in a bit of a fix" on our way to India.

87-Year-Old Earl Is Now Recovering

LONDON, April 3.—(CP)—The 87-year-old Earl of Lucan, father-in-law of Canada's queen, is recovering from a heart attack suffered by him last week.

Lady Alexander is en route from Ottawa to London to visit her father-in-law. Her plane has been delayed by bad weather.

TOURISTS GIVEN A "FEW TIPS"

LONDON, April 3.—(CP)—Tips for tourists are contained in a pamphlet issued by a airline to United States travellers flying to Europe.

Entitled "Happy Landings," the pamphlet warns: "Don't boast about the buildings back home... or refer to the 'Old Country' and so on."

Other tips: Refrain from flamboyant dress, make no cracks about coffee, and take along soap, towel, saccharine and spare buttons.

Super-Prefects To Maintain Order

PARIS, April 3.—(AP)—The French government Friday directed the appointment of eight super-prefects by government decree in order to maintain order throughout France.

The announcement was made as 8,000 delegates of Communist-controlled shop committees met in Paris. The shop committees were formed by government decree in order to maintain order throughout France.

A government spokesman said the cabinet had decided to divide France into eight police security regions, each with a super-prefect in charge of each and with full powers to suppress disorders without special instructions from Paris.

The shop committee delegates held their meetings with a series of demonstrations of the French government and the Marshall program.

Yale By-Election Nominations Close On Monday, May 17

OTTAWA, April 3.—(CP)—Nominations for the by-election in Yale, B.C., will close at 2 p.m. PST, May 17, Jack Castonguay, election officer, announced Friday.

Returning officer for the by-election set for May 31 will be C. H. Jackson of Kelowna, B.C.

The election has been called to fill the vacancy last year by the resignation of Hon. Groie Stirling. Progressive Conservatives won the seat in 1945.

Russians Search British Steamer

BELFAST, April 3.—(Reuters)—The crew of the British ship Samson yesterday reported that the ship had been seized by Russian forces on the coast of the Black Sea. The ship was carrying a cargo of coal and was bound for London.

Both commercial and residential building jumped considerably over last year.

In the three-month period ended March 31 this year, a total of 141 dwelling permits were taken out, with a value of \$183,500. This marked an increase of 56 permits with a value of \$234,500 over 1947.

Twenty permits for commercial construction to the value of \$191,150 were issued this year, compared with 11 permits valued at \$217,416 for 1947.

Dingman Here In Libel Case

Harold Dingman, Ottawa editor of New Liberty magazine, arrived in Edmonton Friday to face trial Monday on charges alleging conspiracy to commit defamatory libel.

Together with Jack Cooke, publisher of the magazine, and Dr. Charlotte Whitten, Ottawa welfare authority, he will be tried in the supreme court of Alberta on indictments arising out of a false article entitled "Babies For Export." Allegedly it was based on a report prepared for the Imperial Order, Daughters of the Empire, by Dr. Whitten.

Mr. Cooke, together with Roy H. Thomson, chairman of the magazine board, is expected by plane Sunday. Joseph Sedgwick, Toronto counsel for the defense, arrived Thursday and was admitted Friday to the Alberta bar, entailing him to plead the case.

Gyro Officials Are Installed

Gyro Club officials for 1948 were officially installed at a dinner and dance held in the Macdonald hotel Friday night.

A sodas delivery truck fitted with the latest fire-fighting equipment has been supplied for this work by the provincial fire commissioner's office.

Volunteer Firemen Shown New Technique

Volunteer firemen in Alberta villages and towns are receiving expert advice from the provincial government.

A sodas delivery truck fitted with the latest fire-fighting equipment has been supplied for this work by the provincial fire commissioner's office.

Ralph R. Moore, formerly fire commissioner, was appointed deputy minister of economic affairs last November and is now in charge of the unit.

Mr. Moore revealed this week the unit has visited more than 100 smaller settlements in the province since it was instituted in November and in each case was able to guide the local fire-fighting authorities in the latest developments in technique and equipment.

PRACTICE DRILL HELD

A practice fire drill was held at each point visited and mistakes made by the local members are noted by Inspector M. J. Beatty, skilled and experienced fire-fighter who is in charge of the unit.

He says fire-chiefs, brigade members and municipal authorities are eager to accept advice on new methods and new equipment which will enable them to reduce the time-lapse between the time the alarm is sounded and when water is delivered at the scene of the fire.

Included in the equipment installed in the truck is a 16 millimetre sound film projector with films illustrating various points upon which the unit is based.

After each visit, a report goes to the Canadian Made for Canadian Trade

Importance to World Of Gold Is Stressed

Return of gold to its former position in the economy of nations was foreseen Friday night, by Dr. Charles Cassell, in an address to guests attending a dinner sponsored by the Northern Alberta Branch of the Canadian Institute of Mining and Metallurgy.

Production of gold in most areas in Canada is in a healthy state, according to Dr. Cassell, and he expects this situation to further improve in the near future.

IMPORTANCE OF GOLD

Importance of gold in the history of North America is more than the dollar value of the production, he said. Since the rush in California nearly 100 years ago, the discovery of the metal has led to further settlement and development.

To permit the industry to not only break a hardship not only on those in the industry but on those settlers and residents who followed. Therefore Dr. Cassell said to continue the development of our northlands, the industry must be kept thriving.

Awards to winners of national competitions conducted by the CIMM were presented at the meeting by Dr. Cassell, president of the institute.

Winner of the Barlow Memorial medal was Dr. Neil Campbell for a paper on the West Bay Fault at Yellowknife. Dr. Campbell is employed at the Con mine at Yellowknife.

THRIFTY RIDERS FARES DWINDLE

Stocks of five cent tickets purchased by thrifty riders of the transit system prior to the fare increase September 1 last year are dwindling rapidly.

In February 5311 of these tickets found their way into fare boxes on street cars and buses.

The total in January was 12,828, and in December 1947, 15,000.

Transit system officials expect this supply to become exhausted within the next two months.

Pastel Flowers Form Background For Wedding

HANNA, April 2.—Spring flowers decorated St. George's Church recently when Mary Jane Stice, daughter of Mr. and Mrs. Bertram H. Stice of Hanna, and Eugene Francis Hecchey, son of Mr. and Mrs. Philip H. Hecchey of Hanna, were united in marriage.

Rev. M. A. Hartnett performed the ceremony. Given in marriage by her father, the bride chose a floor-length white gown featuring long sleeves with a wide, ruffled neckline. She wore a floor-length white veil with a ruffled edge.

M. Kowalchuk Becomes Bride

The chapel of Metropolitan Church was the recent scene of the wedding of Marie Kowalchuk, daughter of Mr. and Mrs. George Kowalchuk of Willingdon, to Harry Ferdinand Joseph Hecchey, son of Mr. and Mrs. Hecchey of Willingdon.

The bride was given in marriage by her brother, Henry Kowalchuk, who was an afternoon model of pearl grey crepe, the skirt styled in a deep effect. Her hat was white and navy accessories complemented her ensemble. She carried a bouquet of spring flowers and her only jewelry was a single diamond ring.

Guide to Home Builders

THE PANA "Homes of Moderate Cost"

When viewing this home one senses a certain air of refinement in its beauty which is a matter of good proportion rather than excessive ornamentation. The rectangular plan offers a maximum usage of space and permits exceptionally ample rooms. Dining space is provided in the kitchen.

The Edmonton Bulletin's new, modern house booklet "Homes of Moderate Cost" is available by mail, postage paid \$1.00 each—or at the Bulletin office.

Community Leagues Plan New Buildings

Emphasis was placed on the need of adequate community halls and recreation centres in the more congested areas of the city at a meeting of executive members of the community league federation and presidents of the various leagues held in the Civic Block on Friday evening.

It was pointed out that less than half of the 27 leagues active in the city have suitable buildings to provide leisure time activities for development of children and adult recreation.

Plans were made to canvass the city for funds later in the year. It is hoped to provide a reserve to be maintained by the federation for the purpose of assisting individual leagues to obtain new buildings.

Plans for an ideal community centre are being prepared in order that uniform buildings attractively planned may be built.

Associated Commercial Travelers' association has asked the league to select a candidate for queen of the Calgary stampede. It was decided that this offer would be accepted. A committee will decide how the selection is to be made.

It was suggested that more pomp and ceremony be put into the winter carnival next year. The central committee will provide settings for each league carnival and will provide a more appropriate setting for the main carnival in the arena.

N.S. Premier Forecasts Surplus
HALIFAX, April 3.—(CP)—A surplus of \$1,354,000 was forecast Friday by Premier Angus L. Macdonald as he brought down Nova Scotia's budget for the 1947-48 fiscal year.

The premier's forecast of a surplus, after sinking fund charges, was based on estimated revenue of \$30,119,420, about \$100,000 less than last year, and estimated expenditure of \$28,765,399, about \$500,000 more than last year.

Things To Be Considered Planning That New Home

Individual Tastes, Family Needs All Need Consideration

By Bert Nightingale

Where do you eat lunch in your house? Do you entertain large dinner parties? Are you fond of entertaining in the evening, possibly a game of cards followed by a buffet supper? The answer to these seemingly "domestic" questions determines to a large extent the type of living arrangements to be considered when you plan the interior spacing of your new home.

The answers supply a lead in deciding whether you want a separate dining room, for instance, or if the dining and living room can be combined. You can, on the same basis, decide whether you require breakfast room—or would a breakfast nook or bar in a corner of the kitchen serve as well?

Not so long ago, when families were trying to figure out the arrangement of their living space, it had to be in a conventional framework of fixed rooms. And proper house had to have a separate living room and dining room, no matter what the size or habits of the family contained. We have become more free in our thinking and planning now.

NEW TREND INDICATED

A glance at the blueprints being evolved today indicate a new trend—one that is finding considerable favor with present-day owners and builders—that of combining various rooms to make the house four plan more fluid, more adaptable. In this modern age, rooms are designed to be double duty and partitions are kept at a minimum.

For example, in some plans the living room has the dining space included—giving greater area since the two spaces flow together. The arrangement is more convenient, saves money and involves less labor for the modern homeowner.

DETERMINING FACTORS

Your family, their habits and their friends, will determine to a large extent in just which part of the house meals are eaten. Lunch? Dinner? Here is the key to your dining arrangements.

A breakfast nook or dining space incorporated into the kitchen is

\$1,000 FINE IS IMPOSED ON HEIRSS

SAN RAFAEL, Calif., April 3.—(AP)—Heirss Ann Cooper Hewitt Nicholson, 33, central figure in a sterilization case in 1936, was fined \$1,000 Friday for perjury.

Her radio disc jockey husband, whom she married less than 24 hours after his previous wife committed suicide, also was fined \$1,000 for the same offense.

Mrs. Nicholson, heiress daughter of the late millionaire inventor, Peter Coudre Hewitt, and Frank Nicholson, her fourth husband, were convicted recently of perjuring themselves at a previous trial.

At that trial, in which the jury disagreed, they were accused of conspiring to violate state laws requiring premarital blood tests.

The heiress sued two physicians in 1938, charging that they conspired with her mother to bear false testimony to her father's fortune. The charges were dismissed for lack of evidence after the physicians testified they did sterilize her but there was no conspiracy.

Five Arraigned In Passport Case

LONDON, April 3.—(CP)—Five men appeared Friday in the historic Old Bailey court charged with conspiracy to obtain passports by false statements in which the crown described as a scheme to get aliens or displaced persons out of Europe and into Britain and the Dominions, including Canada.

Two of the men charged in the Bizarre case, which was resumed Friday, pleaded guilty. The others entered pleas of innocence.

Idel Weintraub, 40-year-old engineer, was the crown described as the "Scarlet Impersonator" of the case, pleaded innocent. He was charged with conspiring to make false statements to obtain passports and with corruptly paying sums ranging from £1 (\$4) to £13 to passport officer agents in Britain.

Two temporary civil servants in the passport office also entered not guilty pleas. They are charged with conspiracy and corruptly accepting sums of money.

A postman and laborer pleaded guilty to the charge of conspiracy to make false statements to obtain passports.

With the traditional case and devil hat, comely Lorraine Cameron, mumps a pile to practice her "burry-bur-ry" — HURRAY! — until that will welcome more than two thousand professional carnival barkers to Miami Beach, Fla., in mid-April. The leather-clad showmen are expected to attend the convention at Variety Clubs International.

Your Radio Review

By Don Flach

Courage is the name of the game when it comes to defending one's opinions—opinions on contentious issues of our day. It is even more evident when that arguing is done in the face of people of opposed opinions on a radio program.

It is still more evident in the radio stations, especially a private station... that will put the program on the air.

For such courage, credit must be given to those private stations across Canada that broadcast the program "Town Meeting in Canada."

Based on the idea of the town meeting of ancient Greece, the program is a new one which the first white settlers in the new world evolved their own version of the idea, Arthur Hays Sulzberger, with the cooperation of CIOH in New York, put the first of these programs on the air.

On this first broadcast in November, 1935, Hays Sulzberger helped to form into one of the most controversial subjects of that time—the Japanese problem in British Columbia.

That program set a pattern for all the "Town Meetings to follow"—taking a momentous stride toward free and open discussion of controversial matters.

Nearly every political, racial and religious group has been given hearing on "Town Meeting." It has succeeded as an impartial medium in which words are heard and all sides of a question.

The fact that the program is now in its fifth year proves it has something that thoughtful and intelligent Canadians are willing to hear and read.

Now "Town Meeting in Canada" may be heard in Edmonton Sunday night over CKUA, 730 to 830.

This week's discussion will be on the question, "Where do we go when we are private?"

Exhortations for the purchase of soap, breakfast food, or "something else" have taken the place of the program's running commercial sponsorship, and in class A.

Feed Grain Export Has Limitations

WINNIPEG, April 3.—(CP)—The Canadian Wheat Board, cognizant of decline in the price of grain for feed grains has authorized the export of limited quantities of oats and barley to any destination, subject to certain limitations. The exports will continue until July 31, close of the 1947-48 crop year.

The export of Canadian oats and barley previously had been prohibited to provide adequate supplies of feed grains for foreign feeders.

The board's new order, announced Thursday, said that "wheat specifically that the grain is offered for human consumption within the country, under the International Emergency Food Control agreement."

The Canadian Press reported earlier Thursday night that the effect of the board's order was to lift the ban on export of oats and barley to the United States.

The U.S. can purchase oats and barley under the new wheat board order. It wishes to do so, but it cannot consume these purchases domestically. It must export them to countries allocated supplies.

Peace Contribution In Anglo-Saxon Way of Life Seen

PHILADELPHIA, April 3.—(CP)—Dr. F. Cyril James, president and vice-chancellor of McGill University, said Friday night that the Anglo-Saxon democracy, with its respect of human liberties, its freedom of the individual within the framework of the law, can contribute through the United Nations to that attainment of world peace.

In an address before the American Academy of Political and Social Science, Dr. James contrasted the western and Russian concepts of democracy, and spoke of the sharp conflict of philosophy among the great powers.

'BCG' VACCINE EXPERIMENTS

Indian Tribes May Give Answer to Tuberculosis Problem

OTTAWA, April 3.—(CP)—The founding tribes of Canada's Indians may provide the answer to a question which has puzzled scientists for 40 years—the effectiveness of the vaccine "BCG" against tuberculosis.

But experiments conducted among Saskatchewan tribes for the last 15 years show that many more before a final answer is forthcoming.

BCG takes its name from the two French scientists, Calmette and Guérin, who developed it in 1908 as Bacillus Calmette-Guérin. Since 1933 it has been used in Saskatchewan in an active program under the direction of Dr. B. P. Ferguson, director of medical services for the Saskatchewan Anti-Tuberculosis League, in cooperation with the federal health department.

Encouraged by the results, the department is extending vaccination to other parts of Canada, and it's the Indians who are pioneering the receiving end of the results.

Last year approximately 1,000 Indians, chiefly in Saskatchewan and Quebec, were vaccinated, and within the last few months health department officials said Thursday, a number of vaccinations have been undertaken in British Columbia, Alberta and Manitoba.

The nature of the drug makes it difficult to assess its value, but studies in the Qu'Appelle district of Saskatchewan from 1933 to 1938 showed a sharp drop in the death rate among vaccinated Indians. At the end of the trial period, the death rate was approximately a quarter of that of the unvaccinated children.

One difficulty in administering BCG is that it loses its effectiveness

by being delayed, saving time when they give food themselves a new one when they try to find their favorite radio program. The latter end of the month evoked their interest.

Then, most everyone else but me, Albertans at least, at the network radio is concerned, will be getting out of step.

Practically every network program will be arriving at your radio station one hour earlier. Consequently, all non-network programs will be broadcast out of their accustomed spots.

Then next fall the switching and jumping will have to be done all over again when the rest of the continent gets back into step with Happy listening Albertans.

With Edmonton Flyers continuing to press toward the Allan Cup playoffs, one hour earlier, consequently, all non-network programs will be broadcast out of their accustomed spots.

SUPERMAN

HERE COMES SUPERMAN NOW, O ANTONY.

RATHER THAN HAVE MY MANLY DIGNITY FURTHER TRAMPLED BY THIS CAPRICIOUS QUEEN, I WILL MAKE FRIENDS WITH THIS SUPERMAN AND—

TO TEST HER POWER OVER HIM, CLEOPATRA ORDERS SUPERMAN TO BRING HER BANISHED BOY-FRIEND, MARK ANTONY, BACK TO THE PALACE. MEANWHILE, AT ANTONY'S CAMP...

440

I HATE TO DO IT, BUT CLEOPATRA'S ASKED ME TO BRING YOU BACK TO THE PALACE.

I WOULD BE YOUR FRIEND, SUPERMAN—NOT YOUR RIVAL. I WILL NOT RETURN!

YOU WON'T? WHY—WHY THAT'S FINE. BUT—JUST THE SAME, I PROMISED TO BRING YOU, SO—

YOU SEEM TO BE CONSIDERABLY SMITTEN. BUT THINK YOU TO WIN HER COLD HEART—

—BY BLIND OBEDIENCE TO HER? HAD WE BUT STRENGTH TO DEFEY HER, THIS DAZZLING BEAUTY WOULD NOT MAKE FOOLS OF US!

BUT IF I DON'T BRING YOU, SHE'LL BE ANGRY WITH ME!

STILL—I KNOW YOU'RE RIGHT. SHE'S MADE A CAREER OF MAKING FOOLS OF MEN. HISTORY PROVES IT.

I KNOW NOTHING OF "HISTORY"—BUT I TELL YOU SUCH A WOMAN MUST BE ROUGHLY HANDLED. LET US DEFEY HER BY BOTH STAYING AWAY!

NO—I'VE A BETTER IDEA! WHY WAIT? LET'S GET TOUGH NOW! WE'LL BOTH GO TO THE PALACE AND LAY DOWN THE LAW TO HER!

A CAPITAL IDEA!

WE'LL TELL HER WE'RE WEARY OF HER CAPRICES! WE'LL BE VERY STERN!

RIGHT! WE'LL SHOW HER WE MEN CAN'T BE PUSHED AROUND!

PRESENTLY...

OH GLORIOUS QUEEN, SUPERMAN AND ANTONY AWAIT WITHOUT—BUT THEIR BLACK LOOKS AUGUR NO GOOD!

BLACK LOOKS, DID YOU SAY? WE SHALL SEE.

WELL? THE TIME HAS COME FOR A SHOWDOWN. WE'VE HAD ENOUGH OF YOUR WHIMS, CLEOPATRA!

YES—EITHER CHANGE YOUR WAYS, OR WE'RE BOTH THROUGH!

IN THAT CASE, GOOD RIDDANCE TO YOU BOTH!

HUH? BUT—

CLEOPATRA—STAY! PLEASE! I MEANT NOT A WORD OF IT!

WAIT! DON'T GO! MAYBE I WAS A LITTLE HASTY!

GINKY ARGUES

GINKY strolled into the Teenie Weenie village one morning. He was sleek and fat and he had the appearance of being prosperous. The little folk were all busy making their Teenie Weenie garden and they paid slight attention to the mouse. Ginky sat down on an acorn basket of garden seeds and watched the men who were breaking up the earth with Teenie Weenie picks and hoes. After a bit he wandered over to the quart fruit jar which served the Teenie Weenies for a hothouse. He leaned against the hothouse door and watched the Old Soldier with a wooden leg and the Doctor working inside the jar.

"You people are a lot of saps to be all the time workin'," Ginky shouted to the Old Soldier, who was busy near the door.

"We've got to work if we expect to eat," answered the Old Soldier.

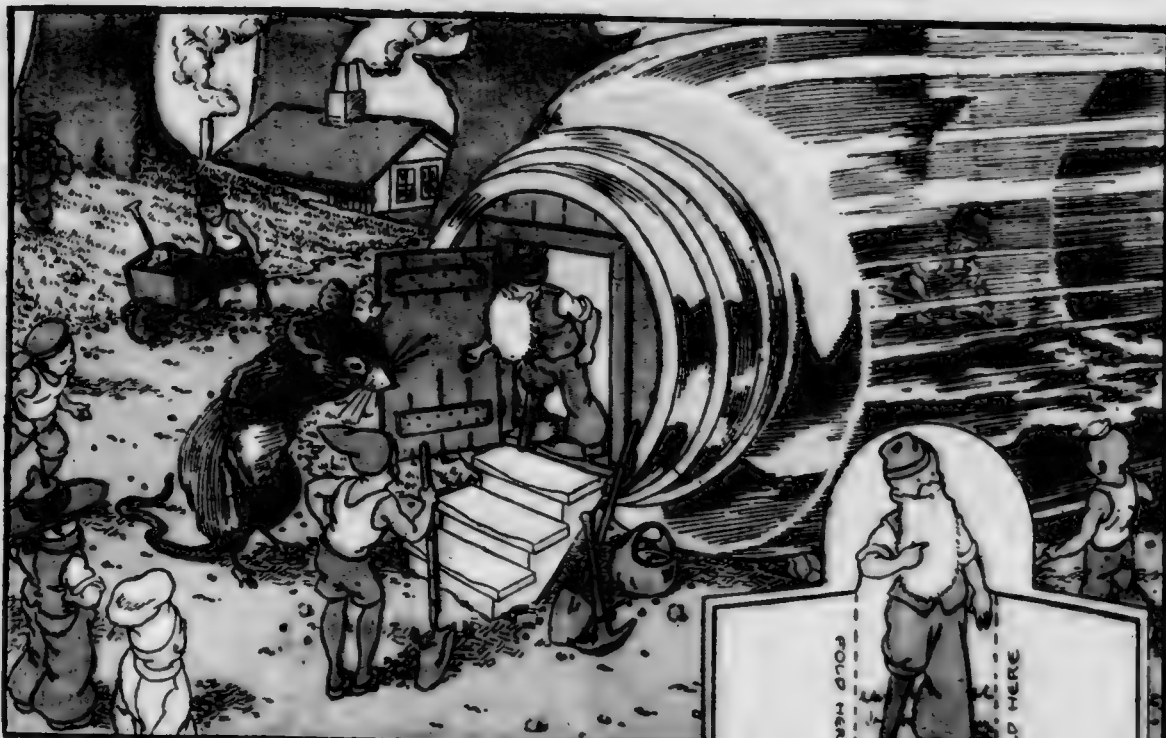

"Why work when there's plenty of food lyin' around?" asked Ginky.

"Well, someone has to work to supply that food," said the Old Soldier. "If no one worked there would be nothing to eat."

"Nonsense!" argued Ginky. "I never did a day's work in my life and I always get plenty to eat."

"You look like it," smiled the Old Soldier as he stepped up into the doorway of the jar and glanced over the mouse's fat little body.

"You Teenie Weenies are dumb to raise food when you can get all you want by just taking it," argued Ginky.

THE TEENIE WEENIES

BY W. M. DONAHUEY

"You mean by stealing it," put in the Old Soldier. "I want you to understand that I don't steal. I'm not a thief," Ginky snapped back. "I just take it and that's not stealin'."

"Well, now, that makes it pretty easy for you to make a living, doesn't it?" smiled the Old Soldier.

"No, it's not easy," argued Ginky. "People are all the time settin' traps, keepin' cats and puttin' out poison. It's mighty risky and dangerous getting enough to eat sometimes."

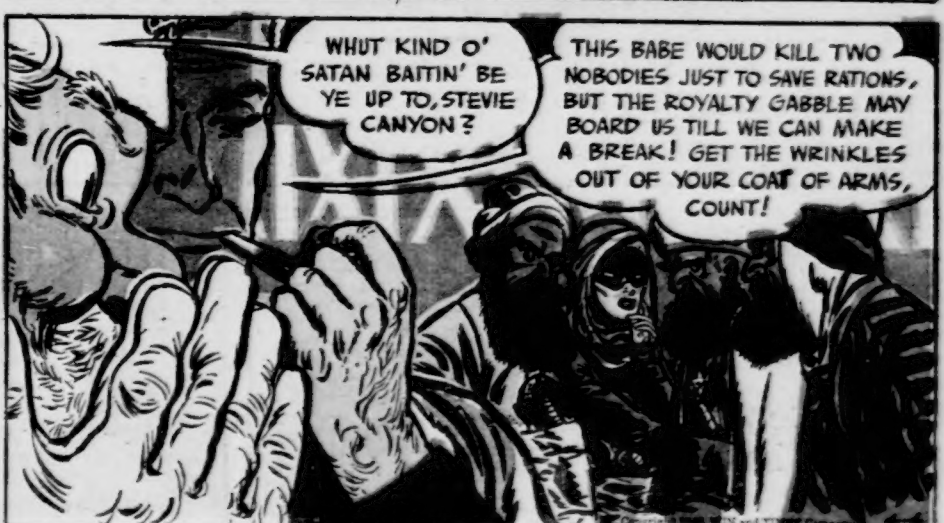

"That's the way we feel about stealing—or taking things, as you put it," said the Old Soldier. "We find that it is less dangerous and easier to work for our food."

"Well, you're a lot of bone-headed saps!" sneered Ginky.

The Teenie Weenie Policeman touched Ginky on the shoulder and motioned with his thumb towards the trail that leads out of the Teenie Weenie village. "Get going," was all he said, and Ginky went.
